PASIFIC OKYANUSU ÇİN'DEN-TAIWAN*

the *Journal of Applied Behavior Analysis* (1974), and the *Journal of Experimental Psychology: Applied* (1975).

There are a number of reasons why the *Journal of Applied Behavior Analysis* is the most widely cited journal in the field. First, it is the only journal in the field that is published by a professional organization, the Association for Behavior Analysis.

Second, it is the only journal in the field that is published by a professional organization that is not a for-profit organization. This is important because it ensures that the journal is not influenced by commercial interests.

Third, it is the only journal in the field that is published by a professional organization that is not a for-profit organization. This is important because it ensures that the journal is not influenced by commercial interests.

Fourth, it is the only journal in the field that is published by a professional organization that is not a for-profit organization. This is important because it ensures that the journal is not influenced by commercial interests.

Fifth, it is the only journal in the field that is published by a professional organization that is not a for-profit organization. This is important because it ensures that the journal is not influenced by commercial interests.

Sixth, it is the only journal in the field that is published by a professional organization that is not a for-profit organization. This is important because it ensures that the journal is not influenced by commercial interests.

Seventh, it is the only journal in the field that is published by a professional organization that is not a for-profit organization. This is important because it ensures that the journal is not influenced by commercial interests.

Eighth, it is the only journal in the field that is published by a professional organization that is not a for-profit organization. This is important because it ensures that the journal is not influenced by commercial interests.

Ninth, it is the only journal in the field that is published by a professional organization that is not a for-profit organization. This is important because it ensures that the journal is not influenced by commercial interests.

Tenth, it is the only journal in the field that is published by a professional organization that is not a for-profit organization. This is important because it ensures that the journal is not influenced by commercial interests.

Eleventh, it is the only journal in the field that is published by a professional organization that is not a for-profit organization. This is important because it ensures that the journal is not influenced by commercial interests.

Twelfth, it is the only journal in the field that is published by a professional organization that is not a for-profit organization. This is important because it ensures that the journal is not influenced by commercial interests.

Thirteenth, it is the only journal in the field that is published by a professional organization that is not a for-profit organization. This is important because it ensures that the journal is not influenced by commercial interests.

Fourteenth, it is the only journal in the field that is published by a professional organization that is not a for-profit organization. This is important because it ensures that the journal is not influenced by commercial interests.

Fifteenth, it is the only journal in the field that is published by a professional organization that is not a for-profit organization. This is important because it ensures that the journal is not influenced by commercial interests.

Sixteenth, it is the only journal in the field that is published by a professional organization that is not a for-profit organization. This is important because it ensures that the journal is not influenced by commercial interests.

Seventeenth, it is the only journal in the field that is published by a professional organization that is not a for-profit organization. This is important because it ensures that the journal is not influenced by commercial interests.

Eighteenth, it is the only journal in the field that is published by a professional organization that is not a for-profit organization. This is important because it ensures that the journal is not influenced by commercial interests.
